

Your Personal Data & the Bridgend Boundary Changes October 2018

In June 2018 it was announced that the responsibility for providing healthcare services for people in the Bridgend County Borough Council area will transfer from Abertawe Bro Morgannwg University Health Board (ABM UHB) to Cwm Taf University Health Board (CT UHB). In order to facilitate these changes ABM UHB will share relevant personal data, including sensitive data such as your health record, with CT UHB. Sharing of data will start with immediate effect to allow for the planning of seamless healthcare services from 1st April 2019.

Processing of your personal data will continue in line with each organisation's privacy notice and in a lawful manner as part of our public task for the provision of healthcare and treatment and for the management of healthcare systems and services. Full privacy notices and information about your rights are available at the following internet pages:

CT UHB website: [http://cwmtaf.wales/privacy-statement-for-patient-information/?drawer=Your Information Your Rights](http://cwmtaf.wales/privacy-statement-for-patient-information/?drawer=Your%20Information%20Your%20Rights)

ABM UHB website: <http://www.wales.nhs.uk/sitesplus/863/home>

Due to the complex way in which data is held in multiple systems across ABM UHB, robust arrangements will be put in place to allow both Health Boards to process the personal data required to fulfil their public task. These arrangements will be compliant with the General Data Protection Regulation and Data Protection Act 2018. We will continue to be open and transparent about how your data is used and shared and will update you with any changes in a timely way.

Further information about how organisations within NHS Wales process personal information can be found at: <http://www.nhsdirect.wales.nhs.uk/lifestylewellbeing/yourinfoyourrights>

Should you have any queries or concerns, please contact the Data Protection Officer for the respective organisation using the contact details below:
